

2016 - 2017

8th Grade Math

Mr. Brzenski -- Room 406

mrbrzenski.com

Required Materials

Spiral Notebook

(1 Per semester)

Pencils, many

Welcome,

My name is Jared Brzenski, and I will be your math teacher for the 2016 - 2017 school year.

Common Core 8th Grade: Common Core math is the same math that has been used for 2000 years, but with the advent of common core, extra skills are taught alongside math, such as perseverance, problem solving, rationalization, and a deeper understanding of WHY math works the way it does.

Many of the class assignments are done on a computer, and access to a computer is highly recommended.

Class Expectations

I must first start off saying it is essential that students come to class prepared. Pencil, paper, and an individual notebook just for math are *HIGHLY* recommended. Many assignments require these items. Math is not just about learning, but also practicing and applying what you have learned. As such, homework is given *at least* 3 times per week. Late homework will be accepted but marked down 25% each day late.

Attendance is crucial for progression in math. The book cannot make up for missing activities and explanations given by me. All work missed when absent must be made up. It is the responsibility of THE STUDENT to figure out what was missed and to make up those assignments.

The class website is mrbrzenski.com. Please use this to find out about homework assignments and to print out any worksheet you may need. Due to copyright laws, not all worksheets are available for download. Make sure you look at the website so you know what worksheet to ask for. If you do not know, I will refer the student back to the website.

Grading Scale

A = 100 - 90%

B = 89 - 80%

C = 79 - 70%

D = 69 - 60%

F = 59 - 0%

Grade Distribution

Tests/Projects/POWs = 70%

Class/Homework = 20%

Participation = 10%

Please fill out and bring back to Mr. Brzenski by Friday September 2, 2016.
